**Subject:** Draft 2017 PPMR Update

Hi Everyone – Please review the attached draft update to the Program Plan Modification Report and provide your comments by December 1, 2017. The final version is due by December 22, 2017.

The updates to this document include the following:

- <!--[if !supportLists]--><!--[endif]-->Language was added to document the plan for Area 40. This language was extracted from a letter sent by AR to EPA. Please edit as necessary to document the plan for management of Area 40.
- <!--[if !supportLists]--><!--[endif]-->The schedule for Area 40 was added to Table 5
- <!--[if !supportLists]--><!--[endif]-->The schedules we discussed during the September 2017 technical meeting have been incorporated into Table 5.
- <!--[if !supportLists]--><!--[endif]-->I anticipate the FCS LUC will be finalized before this document is finalized on December 22, 2017, so I have updated the status column for that site in Table 2.

Thanks, Chris
